Jackson, TN 38305

Mr. Gugle,

I have completed my investigation of your Marine Military Service and though it has been a shock for me to view your Service Record Book and to become a witness to the fraud and charade that you have expounded upon the Marine Corps, Charlie Company, First Battalion Ninth Marines, and the First Battalion Ninth Marines Network, Inc., it is now with pride that I expose you as a fraud.

This investigation has led me to your activities representing the Marine Corps, Third Marine Division, First Battalion Ninth Marines, Charlie Company, First Battalion Ninth Marines, Third Marine Division, FMF, and the men who served with honor and heroism the Corps that they lived and died for.

You presented yourself to me as a Marine Corps SgtMaj with a chest filled with the Medals and ribbons of a valiant Marine and now, I find through this investigation that you have never served in a Combat Unit, you have not earned the Medals and Ribbons that you proclaim, and that the highest rank you held in the Marine Corps was as a 1st Sgt, (E-7) from which you were reduced in rank to GySgt, (E-6) and retired April 1, 1990 with a transfer to MCRSC, Overland Park, MO.

With this information in hand, you are dismissed from the First Battalion, Ninth Marines in disgrace. Your name will be removed from the Battalion Roster and you are hereby notified that you shall conduct no business in the name of this Network. Any materials that you have in your possession that belongs to the Network will be returned to Casey

Piatt ASAP, (The Original Copies of the Network Software, and any other software/hardware).

The Marine Corps League has notified me that you were dismissed as of 2001, while a resident of Jackson, TN. From records that have been forwarded to me by other organizations you have a record of this behavior as exemplified by past actions.

Larry, I will forward to you via hard copy, registered mail, return receipt requested the information that I now hold in my possession, which exposes you as a fraud and a liar.

Semper Fi
