**About Me:**

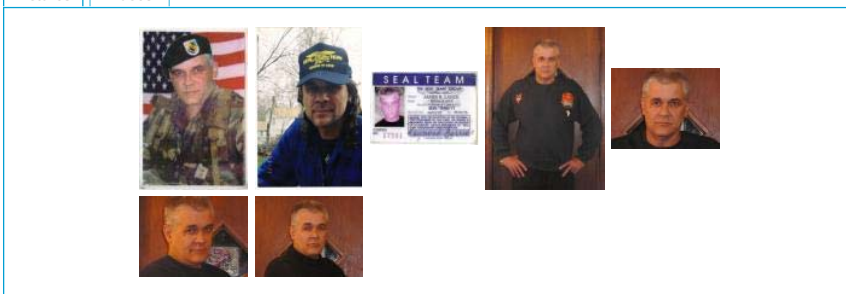

**Short Resume:** Retired Full-Bird Colonel of the United States Army. Former Special Forces and Former Anti-Terrorist Specialist. My goal is to get into action packed movies/dramas. I'm half Native American and half Italian. I would also be willing to provide Consultant expertise in connection with war films.

In high school I played the part of Tom Sawyer and performed in several other small production pieces in high school. I studied Drama 1-4 throughout high school.

At the age of 18 the SAG people asked me to come and talk with them, but I was soon drafted and sent to Vietnam, where I spent the next four years and four months. I continued serving my country and recently retired. This is a dream I've had all my life and would be grateful if I was able to pursue it and continue in this field. I'd like to thank Clint Eastwood who was my childhood hero - and this helped me keep my dream alive. Thank you all again.

Sincerely - Retired Colonel James R. Lance
