Dear POW Network

I deeply regret that my ex-wife has used the auspices of this organization to publish slanderous and incorrect information about me. I have given the United States over 30 years of dedicated service. I respectfully request that if you are going to publish/post information about my service that it reflect the true nature of my service to the Nation. To print one-sided misinformation from such a biased source without presenting the complete picture therefore makes the site a vehicle for mean-spirited character assignation and thus does a disservice to the honor which you are trying to uphold.

Respectfully

Robert G. McDowell PhD.
