Hey There David, thanks for adding me as a friend, was looking at you profile - 30 years in the feild is a huge accomplishment. I have only been EMT for two years, I admire those like your self that have been doing this job for decades. It reflects how dedicated one is. I my self am from a rural station, working my way up the ranks, so to speak. I am from New Zealand so the way things run around here is rather different!!!
