April 26, 2010

Thomas M. Booth
Alexandria, VA

Mr. Booth;

Please accept our apology for the bungled investigation that resulted in your name being listed as having made false claims of military service. We wrongly concluded that you had impersonated a "green beret special forces" veteran as noted in the advertising for your business, *Makers of Madness*.

Within 24 hours, we will place a PDF copy of this letter on line with these comments:

Mr. Booth did serve Honorably with an exemplary record, did attend and graduate from Airborne School, Special Forces and Ranger training and serve with Co A 1st SF Battalion, 10th SF group.

The search for answers led us to wrong conclusions and the response from NPRC that no record was located in this investigation was based on those wrong conclusions.

Any and all statements previously posted to the contrary are false. We appreciate your willingness to provide documents to clear up the false conclusions we had drawn.

We apologize for having brought dishonor upon you and your family.

Respectfully,

Charles Schantag

Mary Schantag
